OUR NEIGHBORHOOD

Hi! I'm Emma. This is my best friend, Theo. Welcome to our neighborhood!

Our school is right there. Today was a special day. I won a writing contest and was picked to be teacher for a day!

MEET MR. GARCIA

My teacher, Mr. Garcia, told me being the teacher is a big job. He said Theo could be my helper.

First we had our morning meeting. I took attendance.

Some classrooms have a teacher's aide to help the teacher. In other classrooms there may be a student teacher. That is someone who is studying to be a teacher.

Is Jackson here?

Good morning, Emma!

Ask a Teacher

Theo asked Mr. Garcia some questions at the end of the day.

Why did you become a teacher?

I have always loved learning and loved children. I knew becoming a teacher would give me an opportunity to keep learning and to share that learning with my students.

How many years did you train to become a teacher?

I went to college for four years. Then after I became a teacher, I had to get a master's degree, which took another two years. Teachers must also continue to take teaching classes.

What is the hardest part of your job?

It's hard to find time in the day to fit in all the fun things I have planned.

What is the best thing about being a teacher?

I love seeing how much my students have learned and how much they grow and change from the beginning of the school year to the end.

What advice would you give someone who wants to become a teacher?

A good teacher should make a connection with students and make them feel good about themselves and their schooling.
