

TRUE FLIX

See what your peers are saying about TrueFlix

“TrueFlix is the **first resource** I look to when designing my lessons. The sources it provides are aligned to the Common Core Standards. Presenting this database to my peers was extremely easy, due to the fact that the database is so well organized and maintained. It practically presents itself.”

“It is a database that school districts should own.”

Mike Conlon
Seneca Valley Librarian
Grades 5–6
